Since 1980, Giese & Schweiger have been regarded as specialists for 19th and 20th century Austrian painting. Beyond specialist knowledge and quality standards, it is the passion for art and its mediation on which they successfully rely on. With important positions in post-war art, the bridge to contemporary art is built. The factor of quality connects beyond the epochs.

Whether old or new: art is always avant-garde!

The assortment includes products of the Wiener Werkstätte, art nouveau glass - especially the glass manufactory Johann Loetz-Witwe - as well as paintings.
